# THE LANDFILL AT "AWAY"

The SWA began placing garbage in the landfills on North Jog Road in 1989. Materials accepted at the Class I and III Landfills include:

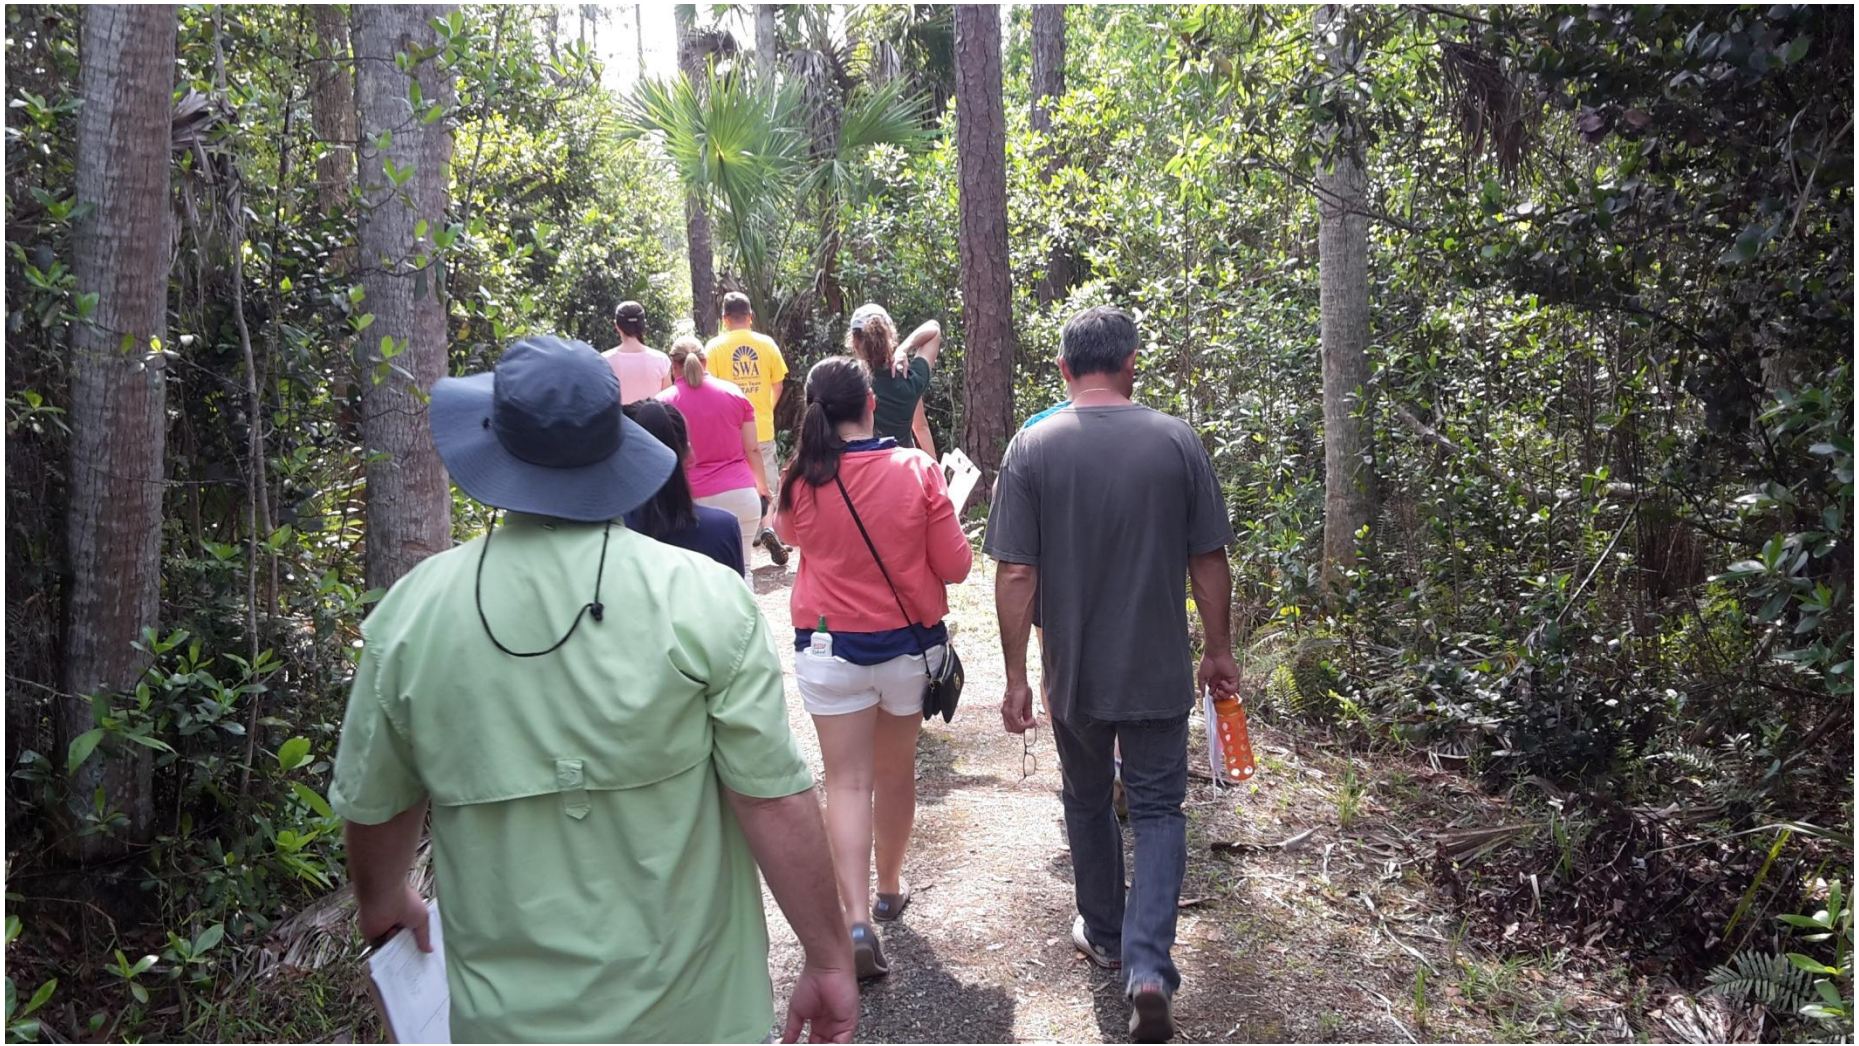

- Household garbage
- Combined ash from the REF 1&2
- Dewatered, stable sludge
- Sewer residuals
- Mobile homes and boat
- Construction and demolition debris
- Residual ash from incinerated bio-hazardous waste
- Non-hazardous industrial wastes cleared for disposal through the SWA's Home Chemical and Recycling Centers
