

Recycle Florida Today Environmental Sustainability Award (RFTES) - Rubric

This rubric is used in scoring submissions for the Recycle Florida Today Environmental Sustainability Award. The Recycle Florida Today Environmental Sustainability Award (R.F.T.E.S.) is the industry's premier recognition of those having outstanding programs or events centered on recycling and environmental sustainability. Emphasis is placed on annually honoring an individual or organization that are pursuing significantly increased awareness which motivates recycling, composting, waste reduction, reuse, and other sustainability efforts. The award winner will display exemplary practices in their respective organizations.

The award recognizes those in the field of recycling who have made a sustained and significant contribution to the field through their work. It is not restricted with respect to the level of work or the type of work that individuals may undertake during their professional lives but seeks to recognize individuals who are making notable contributions to the field of recycling.

Submissions are reviewed and voted on by a committee of industry peers using the rubric below.

Recycle Florida Today Environmental Sustainability Award Rubric

Score Summary Box: After completing the scoring in each section below, summarize scores in this box;

Submission demonstrates knowledge and understanding of the processes of growth	
and development of recycling, composting, waste reduction, reuse, and other	
sustainability efforts	
Submission demonstrates theory and practice of teaching and learning about	
recycling, composting, waste reduction, reuse, and other sustainability efforts	
Submission demonstrates promoting the role and effectiveness of recycling,	
composting, waste reduction, reuse, and other sustainability efforts in the industry	
Submission demonstrates developing accountability systems for progressing the	
business of recycling, composting, waste reduction, reuse, and other sustainability	
efforts	
Total Points (20 points possible)

Submission demonstrates knowledge and understanding of the processes of growth a development of recycling, composting, waste reduction, reuse, and other sustainability efforts: Nominee has benefited the field of recycling, composting, waste reduction, reuse, and other sustainability efforts by contributing exceptional knowledge and understanding of the processes of growth and development. Nominee has benefited the field of recycling, composting, waste reduction, reuse, and other sustainability efforts by contributing outstanding knowledge and understanding of the processes of growth and development. Nominee has benefited the field of art recycling, composting, waste reduction, reuse, and other sustainability efforts by contributing good knowledge and understanding of the processes of growth and development. Nominee has benefited the field of art recycling, composting, waste reduction, reuse, and other sustainability efforts by contributing emerging knowledge and understanding of the processes of growth and development. Nominee has benefited the field of art recycling, composting, waste reduction, reuse, and other sustainability efforts by contributing limited knowledge and understanding of the processes of growth and development. Nominee has no evidence of contributing knowledge and understanding of the processes of growth and development. Submission demonstrates theory and practice of teaching and learning about recycling, composting, waste reduction, reuse, and other sustainability efforts: Nominee has provided exceptional evidence of furthering theory and practice of teaching and learning about recycling, composting, waste reduction, reuse, and other sustainability efforts. Nominee has provided outstanding evidence of furthering theory and practice of teaching and learning about recycling, composting, waste reduction, reuse, and other sustainability efforts. Nominee has provided emerging evidence of furthering theory and practice of teaching and learning about recycling, composting, waste reduction	Email:
