4. Summary

veransa

What does Veransa mean?

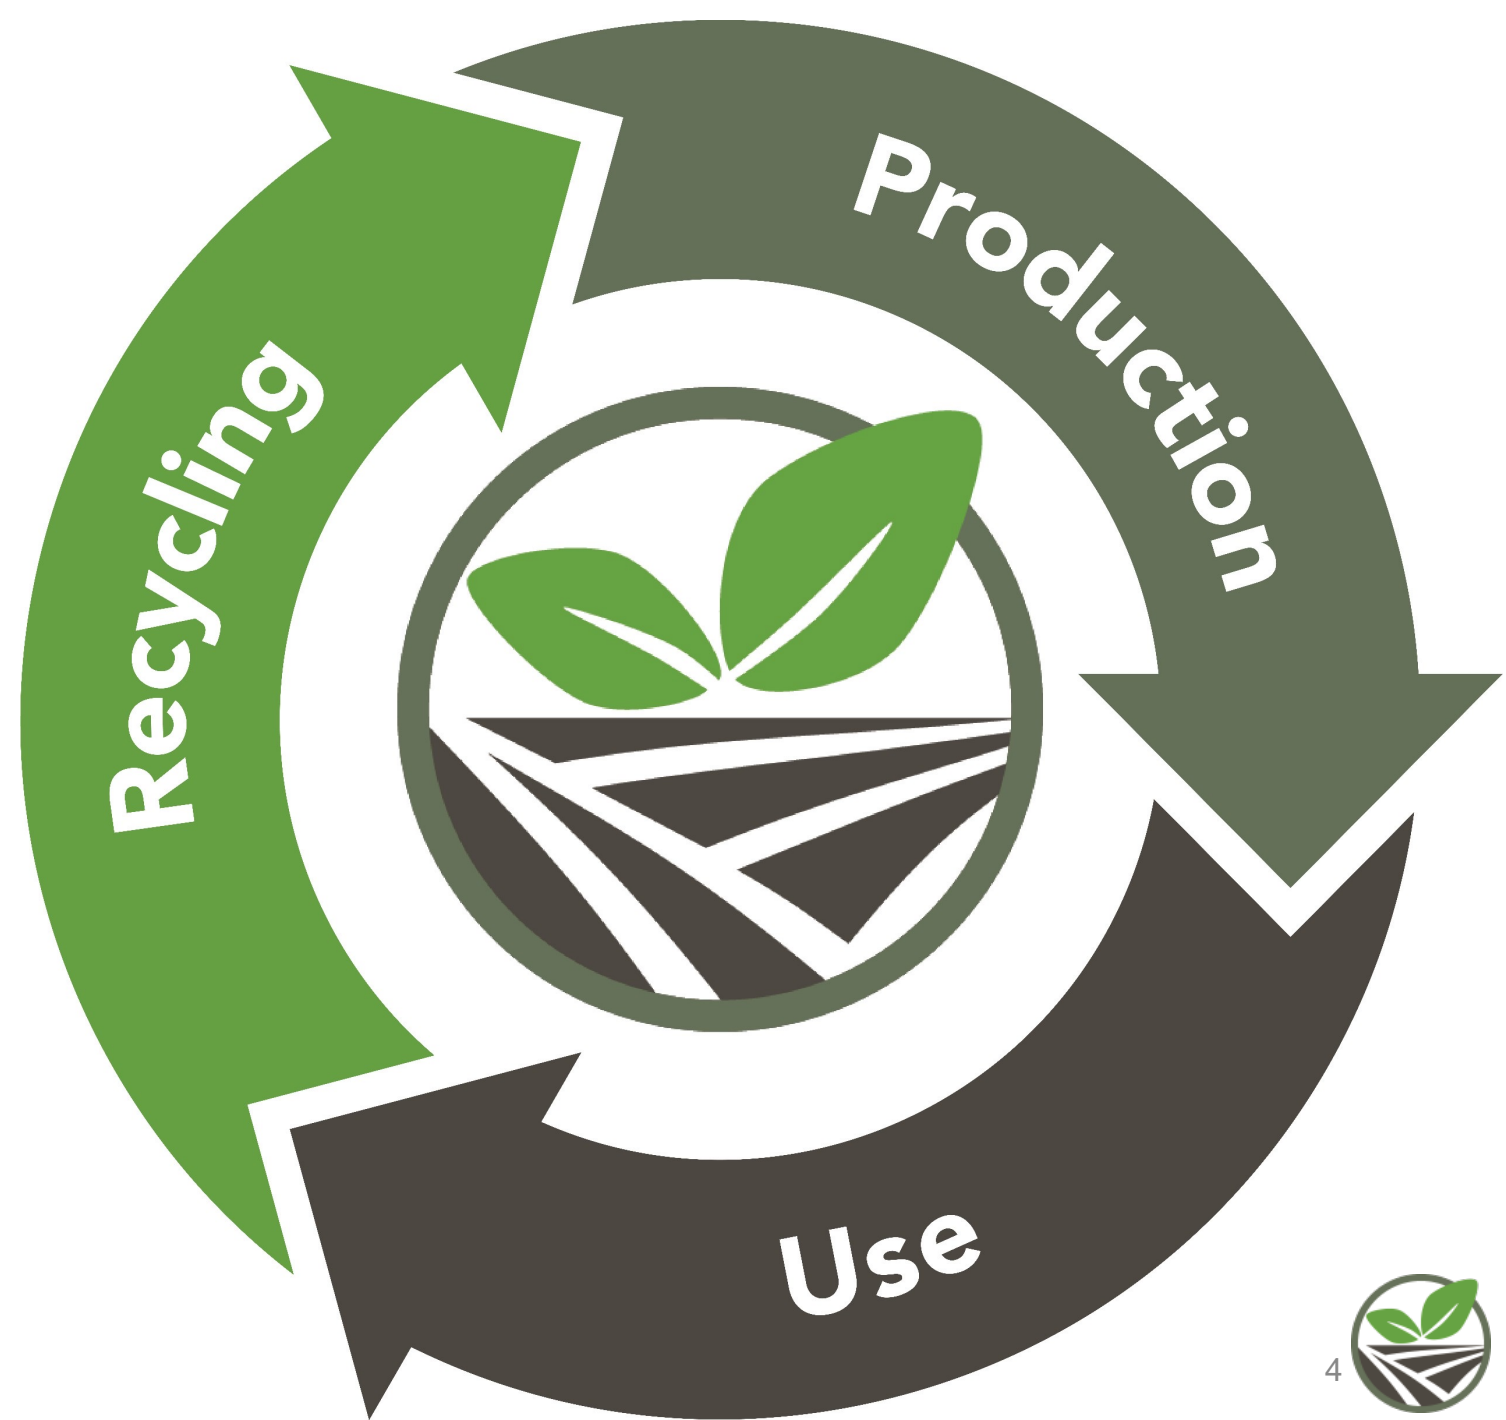

Ver: derived from Latin Verde meaning “Green”

Ansa: derived from Latin meaning “loop, opening, opportunity”

Veransa: = Green Loop

Veransa completes the Green Loop

-
- Partnerships in Resource Recovery
 - Quality Product Transformation
 - Restore the Environment

Urban Collection Centers

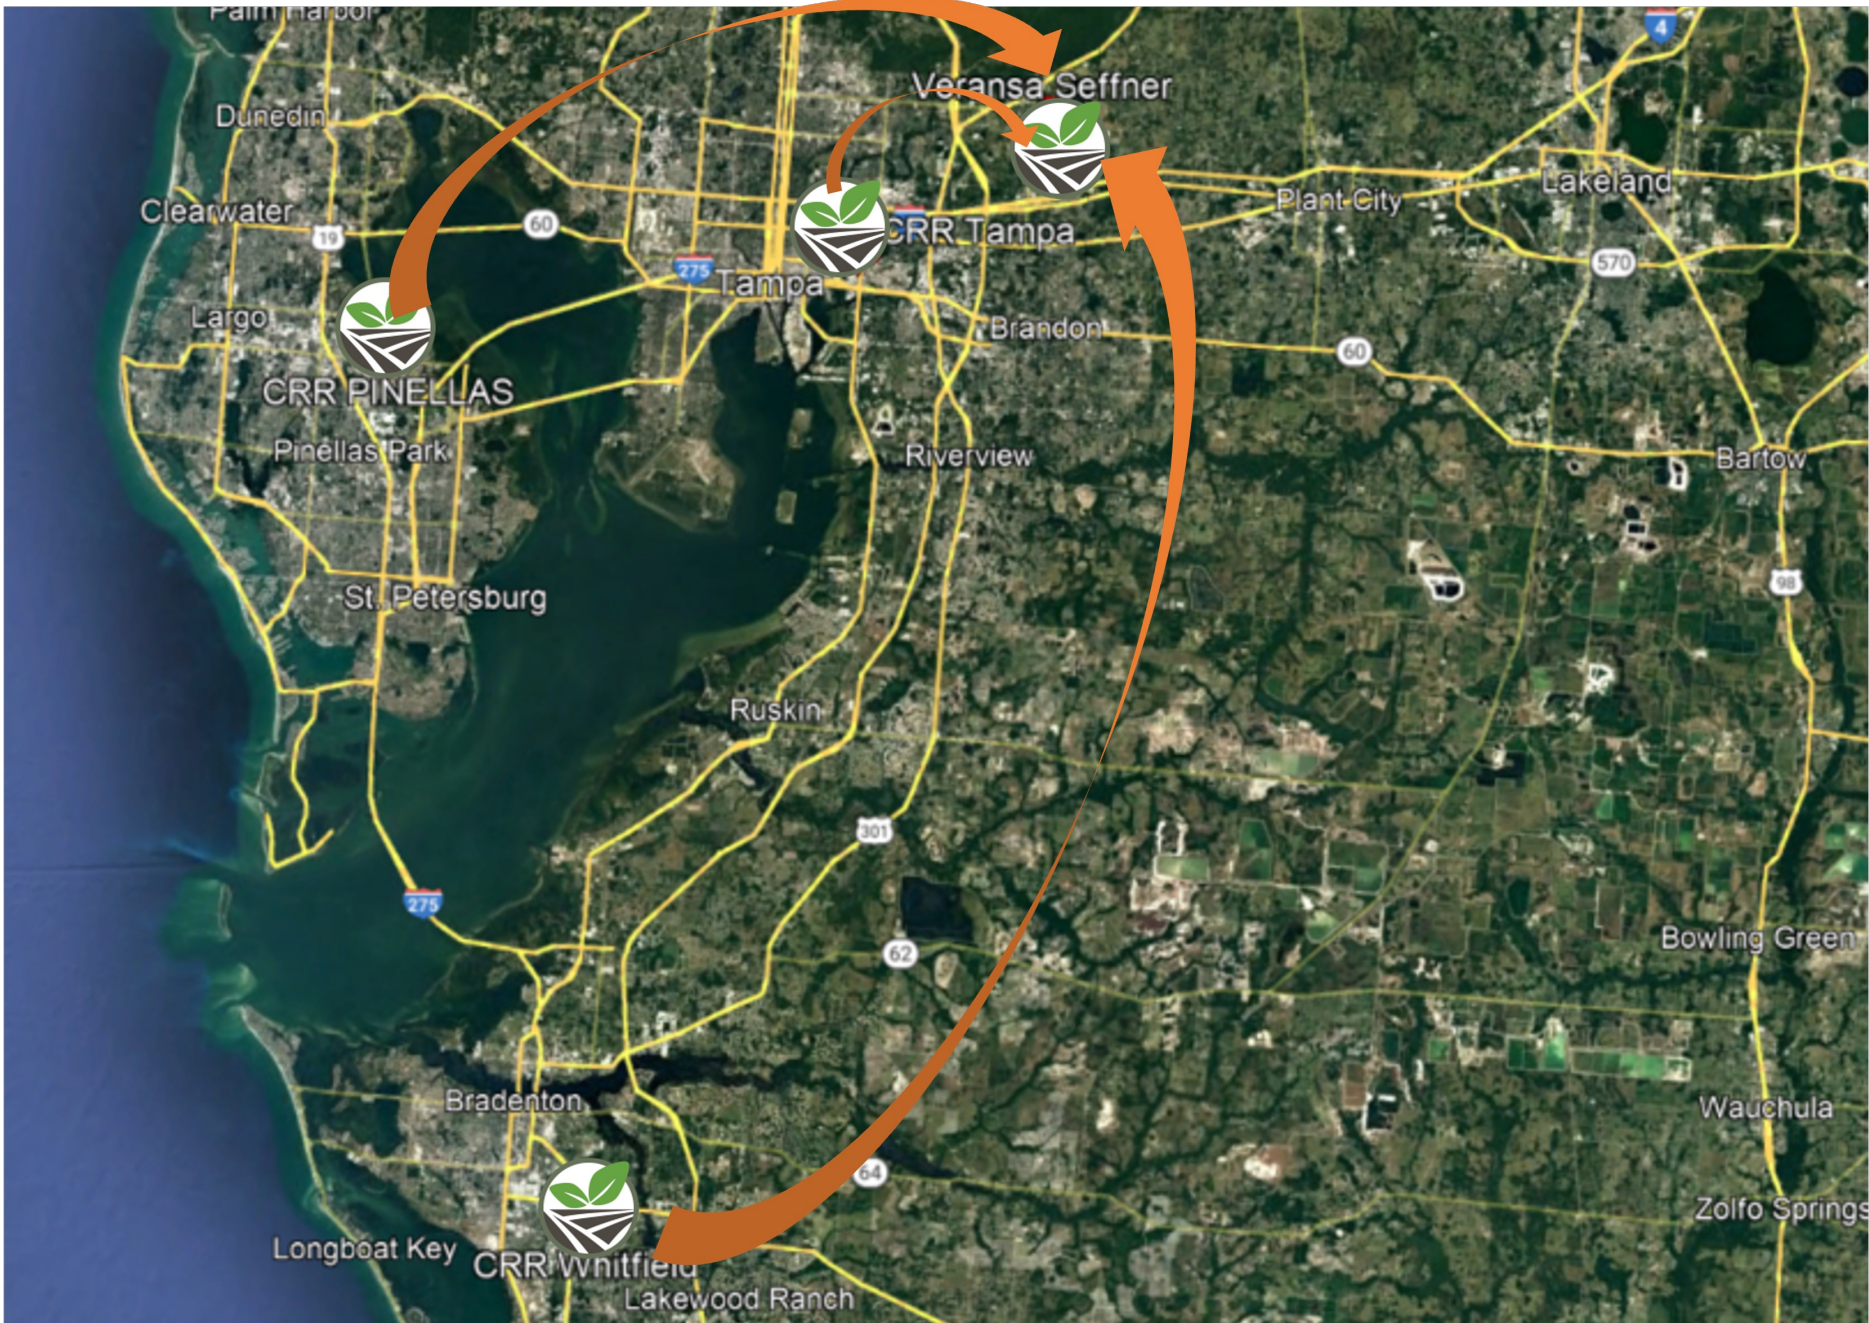

- The largest collection center network in Central & South West Florida
- Combined collections exceeding 325,000 tons
- Growing demand for green waste disposal in urban centers driven by:
 - ❖ Population
 - ❖ Urban Forests
 - ❖ Infrastructure

Our City & County Partners

- We have a long history of partnering with municipals to perform grinding, mulching, hauling services.
- Our partnerships in many cases date back to the 1990's

Veransa Seffner

Florida Organic Solutions

- Florida Organic Solutions (FOS) – Seffner, FL
- Fully permitted for aggregation, processing and compost manufacture.
- 52 acres
- The largest compost manufacturing facility in Florida.
- **Fully electric** processing and screening to minimize carbon footprint
- Projected to produce at least 100,000 tons annually, so it has plenty of capacity to absorb green waste.

Our Process

CAT

WSW

Composting:

- Processed using our electric grinder, and moved into compost windrows
- We manufacture compost under an intentional and controlled process
 - ❖ Active Phase: Moisture is added and turned using the largest windrow turner manufactured in the world. Microbes raise the temperature to 130-165 degrees, sterilizing weeds, deceases and pathogens.
 - ❖ Curing Phase: 3-4 months. New microbes enter and stabilize the compost.
 - ❖ Screening Phase: Moved to our electric star screen for screening and separation into product categories, then loaded into trucks for delivery to our customers
- OMRI Listed, US Composting Council STAAproved
- Veransa led formation of the Florida Chapter of US Composting Council

Our Products

Veransa's Key Products

- VERANSA PREMIUM AG
 - ❖ Soil Amendment to improve health, biology, structure and water conservation
- VERANSA PREMIUM TURF
 - ❖ Topdressing for existing turf to promote health and improve soil
- VERANSA PREMIUM SPORT
 - ❖ Topdressing for existing high-end sports fields and athletic fields
- VERANSA PREMIUM COMPOSTED MULCH
 - ❖ Quality mulch guaranteed free of weeds, disease and pathogens
- FLORIDA'S OWN PREMIUM PLAYGROUND MULCH
 - ❖ IPEMA and ASTM Playground Certification for public play surface
- Made possible by state-of-the-art electric star screen
